I'm an enthusiastic full-stack developer with a proven track record in building high-impact web applications, integrating AI, and driving significant business growth through data-driven solutions.

Projects:

Amazon Live Data API - live structured data extraction from Amazon - search, product pages, reviews
Covid tracker - Demo | Git | Tracks Cov19 cases, with map and stats. Used Material-UI, ChartJS
Netflix clone - Demo | Git | (currently working with movies, some series)
Misc: Piano and music were always a big passion throughout my life - A Whole New World

Skills:

- **Front-end**: Javascript, Typescript, React, Material UI, Redux, HTML, CSS
- **Back-end:** Node.js, Express.js, REST API, Axios, Java, Docker, OpenAI API, RapidApi
- **Databases**: MongoDB, Prisma ORM, SQL

Experience:

Full-stack Developer - Chainwire | June 2022-present
Leading front-end (React) and back-end (NodeJS Express) development for SaaS serving thousands of users, incl. back office, custom CRM, and payment management system
Integrated AI using OpenAI API
Built affiliate and coupon systems from scratch
Engineered data extraction system processing 10,000+ pages daily, identifying potential leads and boosting sales by 180%
Tech Stack: React, Redux, Material UI, JavaScript, Node.js, Express, TypeScript, MongoDB, RabbitMQ, Docker, Prisma, OpenAI API

Front-end Developer - Devalore | Jan 2022-Mar 2022
Software development using React, React Native, Redux, Redux-Thunk, Javascript, REST API
Web development and mobile app development projects for a leading automotive company.

Online Marketplaces Owner - Tenengroup | 2020-2021
Managed major jewelry brands on Amazon, eBay and Etsy. Led to a 30% year over year growth in profit.

Senior Manager, Ecommerce - MRS Group | 2016-2019
Managed and mentored a fully offshore ecommerce team, overseeing 30+ eBay and Amazon accounts.

Education:

2019-2020: Full Stack development training - JavaScript, Java, C, Git - **InfinityLabs R&D**, Ramat Gan
2011-2014: B.A. in Economics and Business Administration - **Hebrew University**, Jerusalem
2004-2007: Graduate of Leyada - **Hebrew University Secondary School**, Jerusalem
Full Matriculation with Computer Science Orientation
Army Service: 2008-2011: Full Service - Ministry of Defense Computer Dept, Staff Sergeant
Languages: Hebrew: Native | English: Fluent | Russian: Fluent
